**Convenor, XAT**

## **NOTE**

1. Candidates who appeared for XAT 2025 can download their scorecards until June 2025. If you need access after this period, scorecards will be provided upon request.
2. "Quantitative Aptitude and Data Interpretation," "Verbal Ability and Logical Reasoning," and "Decision Making" percentiles represent your relative ranking among all the candidates who took these sections. Your percentile score shows where you stand compared to others in these specific sections.
3. The total percentile reflects your overall performance in the XAT 2025 exam by comparing and ranking you against everyone else who took the test, based on your scores across all sections except General Knowledge. It is important to note that General Knowledge percentage and percentile are computed separately; these scores do not factor into your overall total percentage or percentile.
4. A candidate's performance in XAT is just one of the multiple factors considered when evaluating their eligibility for admission to XLRI or any other XAT member institutes. Each institute, following its unique policies and criteria, independently determines how to utilize XAT Scores in the admission process.
5. It is recommended that XAT Scores be used by institutions only for selecting candidates to their Post Graduate / Fellow Programme (s) in Management.
