

Operation Intern

About PaySprint

PaySprint is a NexGen B2B FinTech Company that provides a range of APIs in the Banking, Financial and Verification sectors. We have developed a Unified Open API Platform to bring all APIs together on a single, comprehensive dashboard, making it easier for partners to access and view all their APIs and resources. We have launched SprintVerify, a No-Code SaaS Verification Platform that provides a fast, secure, and reliable document verification experience. We have over 80 APIs across different segments, such as Banking, Verification, Insurance, Lending, Investment, and Travel, and we offer flexibility to tie up with any bank of the partner's choice. We have a dedicated customer support team to assist partners at every step. Our Unified Open API Platform reduces operational complexities, providing a consistent developer experience with minimal integration hassle and ensuring maximum customer satisfaction.

We are seeking a motivated and detail-oriented Operations Intern to join our team. As an Operations Intern, you will have the opportunity to gain valuable hands-on experience in various operational functions, including process improvement, data analysis, project management, and administrative support. This internship offers an exciting opportunity to work closely with our operations team and contribute to the efficiency and effectiveness of our business operations.

Roles And Responsibility

- **Process Improvement:** Assist in analyzing current operational processes and identify areas for improvement. Collaborate with the operations team to develop and implement process enhancements to increase efficiency, reduce costs, and improve overall effectiveness.
- **Data Analysis:** Collect and analyze operational data to identify trends, patterns, and areas of improvement. Use data analysis tools and techniques to generate reports and provide insights to support decision-making and process optimization.
- **Project Management:** Support the planning, execution, and monitoring of operational projects
- **Keep records of customer interactions, transactions, recording details of inquiries, complaints, and comments, as well as actions taken.**
- **The Intern may also be assigned one or more projects involving various subject matters.**
- **Doing onboarding of new clients, maintain spreadsheets, and collection of documents**
- **Providing an impeccable service to clients**
- **Work closely with experts and advisors of this initiative. Take detailed notes, consolidate, and summarize work progress.**

Qualifications

- **Currently enrolled in a Bachelor's or Master's degree program in Business Administration, Marketing, or a related field.**
- **Strong analytical and research skills, with the ability to gather and interpret data effectively.**
- **Excellent written and verbal communication skills.**
- **Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).**
- **Familiarity with market research tools and techniques.**
- **Ability to work independently and as part of a team, with strong attention to detail.**
- **Strong organizational and time management skills, with the ability to prioritize tasks effectively.**
- **Enthusiasm for business development and a willingness to learn and take on new challenges.**

Duration:
