

ICICI Bank

Relationship Manager — Campus Finals

Compendium & Interview Preparation Pack

1) Company Snapshot

ICICI Bank is India's second-largest private sector bank by assets, part of the wider ICICI Group spanning insurance (ICICI Prudential Life, ICICI Lombard), asset management (ICICI Prudential AMC), securities (ICICI Securities) and venture capital (ICICI Venture). The Relationship Manager (RM) role sits inside this 360° financial-services ecosystem, so RMs are expected to sell across the group, not just banking products.

Quick Company Facts (Must-know for PI)

- **Parent lineage:** ICICI (Industrial Credit and Investment Corporation of India) was founded on January 5, 1955, by the Government of India and the World Bank as India's first private development finance institution (DFI).
- **Founding figures:** A. D. Shroff (economist), G. D. Birla and Sir A. R. Mudaliar (industrialists).
- **Key milestones:** ICICI Securities (1993), ICICI Prudential AMC (1993), ICICI Venture (1988), ICICI Prudential Life Insurance (2000), ICICI Lombard General Insurance (2001), and the reverse merger of ICICI Ltd. into ICICI Bank (2002) — this last event is what created today's universal-bank structure.
- **MD & CEO:** Sandeep Bakhshi, at the helm since October 2018; the Board has approved his re-appointment for a further two-year term (October 4, 2026 – October 3, 2028), subject to RBI and shareholder approval — a signal of leadership continuity.
- **Network:** 7,600+ branches and 12,000+ ATMs across India (per the bank's own campus deck).
- **Business segments:** Wholesale Banking, Business Banking, Private Banking, and Wealth & Trade — the four verticals RMs typically map to (see Section 2).
- **Top competitors:** HDFC Bank, Axis Bank, Kotak Mahindra Bank, and State Bank of India (public sector benchmark).

Financial Snapshot — Q1 FY2027 (quarter ended June 30, 2026)

Particulars	Q1 FY2027 (Jun 30, 2026)
Standalone net profit	₹14,804.50 crore (+15.9% YoY)
Consolidated net profit	₹15,440.06 crore (+4.6% QoQ, +13.9% YoY)
Total advances	₹16.31 lakh crore (+19.6% YoY)
Total deposits	₹18.34 lakh crore (+14.0% YoY)
Gross NPA / Net NPA	1.38% / 0.35%
Capital Adequacy Ratio (CET-1)	16.84% (CET-1: 16.19%)
Net Interest Margin (NIM)	~4.3%–4.4%
Annualised Return on Assets	2.49%

FY2026 full-year reference (from the bank's own campus deck): Profit After Tax ₹501.47 bn, Total Deposits ₹17,946.25 bn, Loans & Advances ₹15,538.93 bn, Net Interest Margin 4.32%, CAR 17.18%. Five-year CAGRs: stock price 19%, PAT 21%, net worth 19%, net NPA down 21%.

2) Role Context — Where the RM Role Fits

The RM is the client-facing anchor of ICICI's "360° banking proposition." Depending on the vertical you are placed in, your book of mapped relationships and product mix will differ, but the mandate is the same across all four:

- **Wholesale Banking:** manage strategic relationships with large & global corporates, institutions and government entities.
- **Business Banking:** support MSMEs and entrepreneurs with lending, cash management (CMS) and payment solutions.
- **Private Banking:** build long-term relationships with high-net-worth individuals through personalised banking solutions.
- **Wealth & Trade:** partner with affluent customers and businesses through tailored investment, trade and banking solutions.

Across all four, the stated goals are: bring the 360° proposition to every mapped relationship, be the trusted financial-services provider of choice, and create sustainable value for all stakeholders.

Culture as a Strategic Lever (know this language)

ICICI frames its culture around one anchor — "Good Human Being" — radiating into six pillars: Essential Service, One Bank/One Team & Customer 360, Fair to Bank/Fair to Customer, Passion for Brand ICICI, Sales/Relationship/Customer Engagement as key roles, Officer-Like Qualities (OLQ), and Risk & Compliance Culture. RMs are explicitly called out under "Sales, Relationship & Customer Engagement are key roles" — expect interviewers to probe how you balance sales targets against "Fair to Customer."

Banker First Proposition

- **Learning:** accelerated learning through cross-functional banking exposure.
- **Impact:** ahead-of-time ownership through driving business outcomes.
- **People:** agile, nurturing leadership with a lead-by-example attitude.
- **Care:** structured mentoring in an ecosystem-conscious organisation.

The first 100 days follow a structured, manager-driven, 12-week arc — Set up for Success → Map the Lay of the Land → Broaden the Horizon → Learning in Action → Practice makes Progress → Functional Training → Growth in Action → Refine, Reflect, Rise → Capability Building → From Learning to Application → Getting up to Speed → Get, Set, Go!

3) Role Overview (What the Job Actually Means)

As an RM you will own a mapped portfolio of client relationships and be measured on how deeply you cross-sell the bank's full product suite — CASA, deposits, loans, credit cards, trade/forex, insurance and mutual funds — while protecting service quality, KYC/AML compliance and the client relationship itself. It is less about "selling one product well" and more about running your book like a small P&L: acquisition, deepening, retention, and risk-calibrated growth, all inside a compliance-first culture.

4) Key Responsibility Areas

- **Portfolio / Book Ownership:** manage a defined set of mapped client relationships and grow wallet share within that book.
- **Cross-Sell & Deepening:** bring the 360° proposition — CASA, FDs, loans, cards, trade/forex, insurance, mutual funds — to every mapped relationship.
- **New Business Sourcing:** acquire new-to-bank relationships to grow the book beyond the existing map.
- **Client Servicing:** resolve queries, manage documentation/KYC, and keep turnaround times tight.
- **Risk & Compliance:** adhere to KYC/AML norms and the "Fair to Bank, Fair to Customer" principle; stay audit-ready.
- **Digital Adoption:** drive client usage of iMobile, InstaBIZ and DigiEase — the bank's flagship digital platforms.
- **Stakeholder & Governance Interaction:** for Business/Wholesale/Private roles, interact directly with promoters, CFOs or decision-makers.
- **People Development (as seniority grows):** mentor junior RMs and support the structured onboarding of new joiners.

5) KPIs You'll Be Measured On (Speak This Language in PI)

- **Business growth:** CASA growth, cross-sell ratio / products-per-customer, AUM and wallet-share growth, revenue vs. budget.
- **Portfolio health:** slippage/NPA within the book, KYC/document compliance percentage.
- **Service:** turnaround time (TAT) on service requests, complaint resolution time, CSAT/NPS.
- **Compliance:** internal audit score, zero tolerance on mis-selling complaints.
- **Digital:** % of mapped clients active on iMobile/InstaBIZ/DigiEase.
- **People (where applicable):** training completion and mentee productivity.

6) Key Expectations (What Interviewers Will Test)

- **Officer-Like Qualities (OLQ):** leadership, integrity, initiative — a term lifted straight from ICICI's own culture deck, so use it.
- **Sales orientation balanced with fairness:** targets matter, but so does "Fair to Bank, Fair to Customer."
- **Commercial/banking acumen:** comfort with NII, NIM, CASA, NPA and basic P&L thinking.
- **Risk & compliance-first mindset:** KYC/AML awareness, discomfort with shortcuts.
- **Client-facing maturity:** stakeholder handling, objection management, calm under escalation.
- **Cultural fit:** genuine passion for the brand and the "Good Human Being" ethos, not just the pay package.

7) Likely Interview Themes (Case + Scenario Heavy)

- Cross-selling and portfolio-deepening scenarios
- Client escalation, service recovery and mis-selling dilemmas
- KYC/compliance vs. sales-target trade-offs
- Competitive scenarios — a client is lured by a rival bank's better rate
- Digital adoption push-back from less tech-savvy clients
- Banking fundamentals and current banking-sector affairs

8) Probable Interview Questions (High Probability)

A) Motivation & Fit

1. Why ICICI Bank, and why the Relationship Manager role specifically?
2. What does "run your book like an owner" mean to you as an RM?
3. Are you comfortable with sales targets, extensive travel/field work, and frontline client engagement?
4. Which of the four verticals — Wholesale, Business, Private Banking, or Wealth & Trade — interests you most, and why?
5. In your first 30 days, how would you go about mapping and understanding your assigned book?
6. Why should we hire you for a role that is target-driven and relationship-heavy?
7. What does "Good Human Being" — ICICI's stated culture anchor — mean to you in a sales role?
8. How do you define "Fair to Bank, Fair to Customer" in your own words?

B) Banking & Financial Fundamentals

9. What is the full form of ICICI, and when was it founded?
10. Who is ICICI Bank's current MD & CEO, and what is notable about his recent re-appointment?
11. Name ICICI Bank's main business segments and its top competitors.

12. What was ICICI Bank's latest quarterly net profit and loan growth (Q1 FY2027)?
13. Define Net Interest Income (NII) and Net Interest Margin (NIM).
14. What is the difference between Gross NPA and Net NPA? What are ICICI's current levels?
15. How many independent/women directors sit on ICICI Bank's board, and why does that matter for governance?
16. What recent changes has ICICI made to minimum balance and ATM transaction charges, and why is this controversial?
17. What regulatory penalties has ICICI faced recently (cybersecurity, KYC, property valuation)? What do they signal?
18. Explain CRR, SLR and CAR with ICICI Bank's own current numbers as an example.
19. What are Basel norms, and why do they matter for a bank like ICICI?
20. What is priority sector lending (PSL)? Give an example relevant to ICICI's Business Banking arm.
21. How is ICICI integrating digital banking and fintech — iMobile, InstaBIZ, DigiEase, UPI, WhatsApp banking?
22. What are the key cybersecurity challenges facing modern banks?
23. What is ESG, and how is ICICI Foundation applying it (give one example)?
24. Where do you see Indian banking headed in the next five years, and what role will ICICI play?

C) RM Sales & Relationship Scenarios

25. A client only wants a fixed deposit and resists any cross-sell conversation. How do you approach it?
26. A customer is dissatisfied with ICICI's service. How would you handle it end-to-end?
27. Your manager pressures you to push a product that doesn't suit a client's risk profile. What do you do?
28. A top client threatens to move to a competitor over a marginally better rate. How do you respond?
29. You find a KYC document is missing during onboarding a large relationship. What is your next step?
30. How would you identify potential HNI/wealth clients hiding inside an existing mass-market book?
31. A client complains repeatedly about the mobile banking app. How do you turn this into a relationship-building moment rather than just a complaint log?
32. Your top 10 relationships haven't taken a single insurance or mutual fund product. How do you plan an engagement?
33. How do you balance a monthly sales target with the bank's "Fair to Customer" principle when the two feel in tension?

D) Case Prompts (P&L / Numbers-Heavy)

34. Your book's cross-sell ratio has dropped from 2.1 to 1.6 products per customer in a quarter. Diagnose the causes and outline a 60-day fix.
35. CASA balances in your portfolio have stagnated despite new client additions. What levers would you pull?
36. A relationship worth ₹50 lakh has gone unresponsive for three months. How do you re-engage it?
37. Your book's assets under management (AUM) have grown, but portfolio profitability is flat. What would you investigate first?
38. NPAs have ticked up in your MSME-heavy book. What are your first three diagnostic checks?
39. You manage 40 relationships; 5 are flagged as at-risk of attrition. How do you prioritise your week?

9) Topics to Prepare Beforehand

1. Should RMs be given aggressive cross-sell targets, or does it invite mis-selling?

Suggested structure: Define cross-selling → benefits for bank and customer → mis-selling risk → how ICICI's "Fair to Bank, Fair to Customer" principle is meant to resolve the tension → conclusion.

2. Minimum balance and service-charge hikes: financial inclusion vs. profitability.

Suggested structure: Present the change (metro MAB raised to ₹50,000 in Aug 2025) → arguments for (cost recovery, focus on profitable segments) → arguments against (excludes lower-income customers) → middle path.

3. Is the RM role becoming obsolete as digital banking (iMobile, InstaBIZ, UPI) expands?

Suggested structure: Two-sided argument → where digital replaces RM work (transactions) vs. where RM adds unique value (complex/HNI advisory, trust) → conclusion.

4. Should private banks be judged on NPA by the same yardstick as PSU banks?

Suggested structure: Neutral start → structural differences (book mix, risk appetite) → both sides → a fair evaluation framework.

5. How can an RM grow book profitability without over-relying on fee-based products?

Suggested structure: Diagnose current revenue mix → list levers (CASA deepening, cross-sell, digital adoption, referrals) → quick wins vs. long-term plays.

10) Keywords & Vocabulary (For PI Impact)

Relationship & Sales

Cross-sell ratio, Wallet share, Book / portfolio, AUM, CASA, 360° banking proposition, Customer 360, Wealth & Trade.

Financial

NII, NIM, CASA ratio, Gross NPA, Net NPA, Provision Coverage Ratio (PCR), CRAR / CAR, CET-1, Return on Assets (ROA), Return on Equity (ROE).

Risk & Compliance

KYC, AML, Basel III, Priority Sector Lending (PSL), Cyber Security Framework, "Fair to Bank, Fair to Customer."

Culture & Leadership

Officer-Like Qualities (OLQ), One Bank One Team, Banker First Proposition, Performance Linked Retention Pay (PLRP), Good Human Being.

Digital

iMobile Pay, InstaBIZ, DigiEase, UPI, WhatsApp Banking, AI-led customer engagement.

11) Relevant Current Affairs / Industry Context (Use in PI)

- **Strong Q1 FY2027 print:** standalone net profit of ₹14,804.50 crore (+15.9% YoY), advances up 19.6% YoY, deposits up 14.0% YoY, Gross NPA down to 1.38%, Net NPA at 0.35% — asset quality continuing to improve even as growth accelerates.
- **Leadership continuity:** MD & CEO Sandeep Bakhshi's re-appointment (Oct 2026–Oct 2028) was approved by the Board, subject to RBI/shareholder approval — a vote of confidence in his "prudent, risk-calibrated growth" approach.
- **Regulatory scrutiny:** RBI penalised ICICI ₹97.80 lakh in 2025 for delayed cyber-incident reporting, KYC and credit-card billing lapses, and a further ₹75 lakh for property-valuation and current-account non-compliance — useful to show awareness of compliance rigor, not just to criticise it.

- **Pricing/policy shift:** ICICI raised minimum average balance requirements (₹50,000 metro/urban, ₹25,000 semi-urban, ₹10,000 rural) and revised cash/ATM charges from August 2025 — a case study in the profitability-vs-inclusion trade-off.
- **Digital strategy:** continued investment in strengthening iMobile, enhancing InstaBIZ, expanding DigiEase, a redesigned website, and AI-led customer engagement, alongside deepening branch presence — a deliberate "digital + physical" strategy rather than branch-only or app-only.
- **Inclusive growth:** ICICI Foundation initiatives include a ₹1,200 crore commitment to Tata Memorial Centre for cancer treatment, solar capacity installed in Tadoba Andhari Tiger Reserve, watershed development benefiting 150 villages in Karnataka, and livelihood academies that have reached roughly 2 lakh lives.

12) Key Points to Keep in Mind During the Interview

- Quote numbers precisely from the latest quarter (Q1 FY2027) rather than guessing — interviewers notice when campus candidates cite stale data.
- Always show the sales-and-fairness balance: "grow the book, but fair to the customer."
- Use ICICI's own vocabulary — OLQ, One Bank One Team, Good Human Being, Banker First — interviewers listen for it.
- Keep 2–3 STAR stories ready: one on stakeholder/relationship handling, one on target-driven execution under pressure, one on an ethical/compliance dilemma.
- Know your own compensation structure (Manager-I grade, ₹17.62 lakh CTC in Mumbai, PLRP with no guaranteed payout) so you aren't caught off guard if asked.
- Be ready for the frontline reality of the role: targets, travel, and client-facing pressure — don't undersell your comfort with this.
